WATCHING BRIEF REPORT

CAT Project reference: **00/9d**

CAT Report no: **93**

Site/address: 50 Creffield Road, Colchester

Date: 14th September 2000

Officer: H Brooks

Nature of work: new conservatory

Report:

A new 5x5m conservatory is to be built in the open NE angle of this house (formerly in the garden). The footings trenches were open for inspection. They were 600mm deep from lawn level and 300mm wide. Within the area of the footings, an area strip down to 400mm had been done. Neither the footings nor the area strip penetrated topsoil, so nothing was visible.

Finds:

None

Summary:

Negative.
